Village, School Board Elections Next

Cunningham, Cermak Battle for Presidency Seven for Trustees

Voting at Village Hall From 6 a.m. to 5 p.m. Next Tuesday, Apr. 16

With plenty of opposition for the posts of trustee to back up the contest for the village presidency, more than the usual number of voters are expected to be attracted to the poll next Tuesday in the Antioch village election.

Only for the offices of clerk where Clarence B. Shultis is the lone candidate for re-election and for treasurer where Mrs. Martha Hunter is the incumbent, is there no contest.

The present office holders are running on their record as members of the People's party. Heading this ticket is Trustee Murrill Cunningham as candidate for president. He is opposed by Charles J. Cermak, Jr., who is making his second attempt to be mayor.

E. Elmer Brook, police magistrate incumbent, is opposed in his request for re-election by Herbert W. Horton, an independent candidate who already has won election as a town constable and could not qualify for both positions if successful. He would have to make his choice.

Seeking re-election as trustees are Ernest H. Glenn, an appointee, and John M. Blackman. Arthur M. Hawkins has chosen not to run again for trustee and Bernard N. Osmond has taken his place on the People's Party ticket.

Independent candidates seeking the posts of trustee are Frank D. Fowles, a former trustee, George E. Kellogg who seeks to represent Oakwood Knolls, Einar Petersen, and Bruno Manzardo, business men.

Voting will be from 6 a. m. until 5 p. m. Tuesday at the village hall. So that voters will know for whom they are asked to vote, the Antioch News has asked the candidates to submit their qualifications. They follow:

For Village President
Murrill Cunningham, 42, People's Party candidate, has resided in Antioch 30 years and served on the Village Board as trustee for 10 years. Familiarity with the local conditions and needs of the village are cited as his qualifications. He has successfully operated his cartage business for the past 28 years and promises to supervise the affairs of the village on a strictly businesslike basis.

He is active in community and civic affairs, a captain in the Antioch (continued on page 8)

Fr. Leon B. G. Adams To Be at St. Ignatius' Next Wednesday Night

The Rev. Fr. Leon B. G. Adams, the rector of St. James' parish church, Dundee, Illinois, will be the guest speaker and conductor of the Evening Service at St. Ignatius' parish church at 8 p.m. next Wednesday. Father Hood, in turn, will be at Dundee that evening conducting services for Fr. Adams.

Originally a native of England, Fr. Adams came to this continent to serve as a priest for 10 years in diocese of Ottawa, Canada. From there he came to the Diocese of Chicago, and has served for some time now as the rector of the parish church in Dundee.

It is hoped by the rector of St. Ignatius' parish church that each member of the parish will make an effort to attend not only this last mid-week lenten service, but to hear this gifted priest as well. All who wish to hear Fr. Adams are most cordially invited to attend.

Good Friday Speaker

Wesley M. Westerberg, president of Kendall College, Evanston, will speak at the Good Friday service of the Antioch Methodist church at 8 p. m., April 19. President Westerberg was ordained by the Methodist church in 1932, and has held a number of outstanding charges in the Rock River Conference before assuming the presidency of the college. Kendall is a junior liberal arts college affiliated with the Methodist church offering a work-study program which enables students to earn their way and pay as they earn.

Chain of Lakes Assn. Elects 1957 Officers

The Chain of Lakes Resort Owners Assn. meeting Tuesday at the Ingleside fire station chose as its officers for the coming year A. W. Shunneson, president; Margaret Tuck, vice president; Elsie Steltz, secretary; Bill Ehmann, treasurer. Elected to the board of directors were Norman Christensen, Don Francisco Sr., Louis Titzel, Louis Kempf, and Mrs. Ed. Tierney.

High School Board Hires 5 New Teachers

The Antioch High School Board of Education, at a regular meeting April 10, employed five teachers and assigned teachers already on the staff to new responsibilities.

Robert Walther was employed to replace Paul Kessenich, who is retiring from coaching and driver training in the high school. Mr. Walther will serve as Driver Training and Physical Education teacher and will head the football staff. Mr. Walther is a graduate of Augustana College, located at Rock Island. He will complete the master's degree this summer at Indiana University. He was employed for one year at Augustana College, as assistant football coach and physical education instructor. He is also coached sports for three years at Prophetstown High School, and in 1955 accepted the football coaching position and physical education assignment at Northwest Junior High School, Davenport, Iowa.

William Romoser was hired to teach in the Industrial Arts Department and to bring relief to that department because of increased enrollment. He will also serve as Driver Training instructor, sophomore football, and freshman basketball. Mr. Romoser is a graduate of Stout State College located at Menominee, Wis. He has also been doing graduate work at Stout this past year.

Miss Ruth Poczekaj will replace Miss Theresa Wehr. Miss Wehr has taught Latin and English for several years at Antioch High School and will retire from teaching in June. Miss Poczekaj is graduating from Marquette University this year. She has done her practice teaching at South Division High School in Milwaukee.

Miss Bethsebe Hosken will graduate (continued on page 5)

Prisoner at Fox Lake Believed at Be Writer Of Phony Check Here

The Foodliner of Antioch was one of a number of firms in Lake County said to have been the victim of a check artist recently.

Arrested in Chicago and taken to Fox Lake where he was identified as the person cashing three forged checks is Robert F. Anderson of Chicago. Anderson's name and address were on one of the checks issued at Fox Lake. Chicago police found him in a night club Saturday and held him until the Fox Lake police went after him.

Anderson denied the charge, but he was positively identified by the Fox Lake merchants, proprietors of the IGA store, Fox Lake Hardware store, and Town and Country shop. The checks were written in sums between \$70 and \$80.

Bond was placed at \$2,500 by Justice of the Peace Frank Hartigan and Anderson probably will be investigated by the grand jury on the charge of writing worthless checks to defraud.

Business Men Back Seekatz for Post on High School Board

A group of business men conservatively numbered at 35 agreed at a meeting at Smart's Country House Monday evening to support Arthur Seekatz for the short term on the Antioch Township High School Board.

They sent cards out yesterday to home owners in the district urging Seekatz's election. Seekatz, a Lake Villa resident is opposed by Robert Chandler, former teacher in the high school whose contract last year was not renewed. He still resides in the district and is employed by a Waukegan engineering firm.

The Lake Villa man is a contractor in the construction of houses.

Mr. and Mrs. Wendell Nelson left Tuesday for a few days vacation in Western Illinois.

EVERYBODY'S BABY

Lake Villa Grade School District 41 to Vote On \$211,000 Bond Issue for Building Sat.

Resort Owners Plan Fishing Contest in Area May 1 to Oct. 1

The Chain of Lakes Resort Owners Assn. has arranged to stage a fishing contest May 1 through September 30 to be known as the Oscar and Fanny Fishing Contest.

Fish will be tagged and prizes will be awarded according to the tag of the fish caught.

A total of \$3,200 in cash prizes in addition to awards of valuable sporting equipment will be available to the fishermen who are fortunate enough to catch a tagged fish.

The organization itself is awarding \$2,000 in cash.

Merchants who wish to donate prizes should contact President A. W. Shunneson R.F.D. 3, Antioch, or Mrs. Franklin Tuck Box 89, R.F.D. Ingleside, Ill.

The association recently closed its tremendous and overwhelmingly popular booth at the Sports and Travel Show in Chicago. Potential customers for all types of business in the Chain of Lakes area were informed of what this area has to offer.

The fishing contest is expected to publicize the lakes to 8,000,000 persons in the Chicago area.

Contracts Awarded for New Addition to Grass Lake School Building

The Grass Lake Board of Education Monday evening decided to award contracts totaling \$65,973 to four firms for the construction of the new addition to the school.

The general contract was awarded to the O. and O. Construction Co. of 20 Green Bay Rd., Winnetka on its low bid of \$45,733.

The heating contract went to Standard Engineers and Contractors, 1324 Belvidere St., Waukegan on its bid of \$8,350, and the Carey Electric Co. of Antioch was awarded the electric job for \$4,890. The plumbing contract went to Joseph Magee of Ingleside for \$6,600.

Douglas J. Millin, Barrington architect, who drew the plans, said the contracts would give Grass Lake district the four rooms planned plus the kitchen and the multipurpose room area and the remodeling of the toilet room facilities.

The addition will be ready for the September term of school. Construction is financed by the \$76,000 bond issue the district voted Jan. 12.

Junior Prom at Wilmot

The junior class of Wilmot High school will give its prom "Harbor Lights" Saturday, April 27. Richard Kant's orchestra will furnish the music.

Mr. and Mrs. J. J. Rhymer visited their daughter, Mrs. C. W. Wilkoff and family in Urbana, Ill., from Sunday through Thursday last week.

Spring Music Festival At A. T. H. S. Friday Dedicated to Seniors

About 200 young musicians from Antioch High School will combine to present the annual Spring Music Festival, at 8 p. m. Friday, April 12.

The concert is dedicated to the senior class of 1957. Those honored especially are the students who have taken part in music activities throughout their four years of high school.

One of the senior music students has been selected by the faculty to receive the Arion foundation award. The award supported by the Antioch High School Music Association, will be presented by Mr. John Romer of Lake Villa.

Following is the program to be presented:

Concert Band:
Marcho Poco—Moore
One Beautiful Day—Hildreth
Holiday for Trombones—Rose
March Charter Oak—Osterling
Girls Glee Club:
This Is My Country—Jacobs
Mist—Rhea
Hi-Ilili, Hi-lo—Kaper
Hi Ho Nobody Home—Ray Charles

High, Grade School Districts Will Have Spirited Elections

Voting Noon to 7 P. M. Sat. in School Buildings, 12 Candidates

Antioch Grade School and Antioch Township High School districts will hold their elections from noon to 7 p.m. Saturday in selecting board members who, serving without pay, will handle the greater portion of the community's tax money.

Voting in the high school district will be at the high school and at the grade school in Lake Villa. In the grade school district voting will be at the Antioch grade school building.

Five candidates will seek the two three-year terms on the high school board and two for the two-year unexpired term available through the resignation of Roman Vos. Fred Scott, president and Louis Biel, secretary, are not seeking re-election. The candidates for the three-year terms are Robert C. Denman, Millburn C. Cain, Roy W. Frasier, H. Lisle Rogers, and John F. Romer. For the two-year terms the candidates are Arthur W. Seekatz and Robert F. Chandler.

On the grade school board five candidates are seeking two offices now held by Harold E. Cardiff Sr. and Charles L. Wertz. These two board members are seeking re-election, and the other candidates are Arthur Lotkey, Sam Lombardo, and Elroy K. Anderson.

The qualifications of the candidates follow:

HIGH SCHOOL BOARD
Robert C. Denman, 36, of near Millburn, was born, and raised in that community where he has been a farmer all his life. He is secretary of the Millburn Mutual Insurance Co., and director in the United Farmers Re-insurance Co. of Bloomington, Ill. He is serving as chairman of the Fact Finding Committee for the proposed unit school district.

Millburn C. Cain, a resident of 672 Main St. has served a three-year term on the board, but was off the board last year. He is dairy plant manager for the Pure Milk Association.

Roy W. Frasier, 47, Rte. 1, Grass Lake rd., moved to Grass Lake from Maywood in 1945. He is the father of two girls, one of whom is in high school. He was on the Grass Lake board five years, and is past president of the Grass Lake P.T.A. He has been employed as a photo engraver in Chicago 30 years.

H. Lisle Rogers, 52, of 428 Orchard st., was born and raised in Antioch and attended Antioch High school. He has four children. He was a member of the Channel Lake School board 10 years. He is employed as manager of Abbott Laboratories warehouse.

John F. Romer, 47, Rte. 1 Lake Villa, has been state agent for the Northern Illinois Hanover Fire Insurance Co. for the past four years, and in the insurance business 20 years. He moved from Highland Park here six years ago. He is past president of the Lake Villa P.T.A. (continued on page 8)

Four Services Easter At Methodist Church

Four services are planned for Easter at the Antioch Methodist Church.

There will be a sunrise service at 6 a.m. at the church followed by breakfast at 7:15 a.m. The service will be led by the youth of the church.

Other services at which the Rev. Howard Benson will speak will be at 8:30 a.m. when the youth choir will sing; 9:30 a.m. and 11 a.m. when the adult choir will sing.

Palm Sunday will be observed April 14 at 9:30 and 11 a.m. services and Maundy Thursday, April 18, will be observed with communion at 8 p.m.

The choir has prepared special music for the Good Friday service at 8 p.m. when the Rev. Wesley Westerberg, president of Kendall College, Evanston, will speak.

The sanctuary will be open all week during Holy Week for private meditation.

Lake Villa Gets \$30,400

Lake Villa has been notified that the village will get a federal aid grant of \$30,420 for its proposed sewage disposal plant. A bond issue has provided money for installation of the mains.

THURSDAY, APRIL 11, 1957

"Grass Roots Opinion"

CHICO, CALIF., ENTERPRISE-RECORD: "Unions are private non-governmental organizations. So are churches, so are political parties. The membership activities of private organizations morally range in the recruitment realm of voluntarism, and such organizations, in our opinion, enjoy no ethical right of arbitrary conscription."

DILLON, S. C., HERALD: "We should not allow our young people to enter the adult world unarmed against Communism. They should have the best armor that we can give them. And the best armor against Communism is the truth about it—what it is, how it originated, what it does to destroy individual rights and human freedoms. Thus armed, our young people can be vigorous champions of Democracy, and not merely subservient followers of it."

WARWICK, N. Y., ADVERTISER: "The increasing number of unqualified and sometimes dishonest income tax 'aiders' has prompted the Internal Revenue Service to issue a strong warning to taxpayers to be careful whom they consult for help in preparing the 1956 Federal tax returns. Nationwide, the Intelligence Division of the Service turned up a record number of fraudulent and incompetent assistants last year."

AFTON, WYO., STAR VALLEY INDEPENDENT: "A pre-spring clean-up drive could have many benefits in our communities. Why not start yours today?"

MASONTOWN, PA., KLONDIKE BULLETIN: "Start the week right—go to church Sunday!"

House Cleaning

Victor Riesel, the distinguished writer on labor affairs who was blinded with acid by goons, believes that the current Congressional investigation into alleged abuses by certain labor leaders, will result in legislation forcing unions to clean house. Public opinion—which includes the opinion of the rank-and-file union members and the many honest officers of unions—will demand that.

Mr. Riesel goes on to describe three specific fields in which legislation can be expected. First,

the law must see that union members run and actually control their own unions. Second, protections must be erected around the welfare and, pension funds, which now total the incredible sum of \$25 billion. Third, something must be done about labor's political activities so far as they lead to corruption and racketeering.

This is all to the good. But there is one more essential step—entirely aside from special legislative needs which will be made clear by the present investigation. That is adoption, by all the states, of right-to-work laws which make union membership a voluntary matter, which each worker can decide for himself, without coercion.

Indiana recently became the 18th state to adopt such a law, significantly, it was the first major industrial state to do so. Right-to-work is in no way anti-union—the unions are free to organize as many workers as wish to join. It is, however, pro-worker and pro-good union. For it makes the union "sell itself" on the basis of the kind of service it gives and the standards of conduct it follows. It does away with union monopoly—and monopoly in any field, invariably breeds corruption.

* * *

Regulation Goes With Subsidization

A recognized authority in his field, Roger A. Freeman, formerly Research Director of the Education Committee of the U. S. Commission on Intergovernmental Relations, refutes a number of commonly held conceptions concerning the nation's schools.

One fallacy he cites is that schools are being discriminated against in the allocation of public funds. Actually, education has for many years been the largest item of public expenditure in this country, save only for the national defense. The United States spends a larger share of its national income on schools than any other country of record.

Another fallacy is that the teacher shortage grows worse and worse. The teacher-pupil ratio in 1900 was one to 35.7, in 1930 it was 30.1, and in 1955 it was one to 26.9. He adds, "Much of the teacher shortage is due to inefficient use of the available teachers."

Another fallacy—and an extremely important one today—is that the states and communities lack the fiscal capacity to meet school needs, so the federal government must provide support. Mr. Freeman quotes the Education Committee with which he was associated as reporting no state is unable to support an adequate school system, and that federal aid is not necessary.

Finally, Mr. Freeman pointed out that if the government is going to pay for the schools, it is ultimately going to run them. As a U. S. Supreme Court decision said in 1942: "It is hardly lack of due process for the government to regulate that which it subsidizes."

Hickory Corners

Mrs. Wm. Thompson, Correspondent
Tel 583W2

Hickory school election of one director will be held at the school house on Saturday afternoon, April 13, from 2 to 4:30 p. m.

The Mothers club was entertained at the home of Mrs. Frank Royer, Tuesday evening, April 2, at her home at Channel Lake. After the business meeting delicious refreshments were served by Mrs. Royer and her daughter.

Mr. and Mrs. Bert Edwards accompanied Mr. and Mrs. Charles Anderson to Rockford Sunday, where they visited the Ward Edwards family.

The Rosecrans Ladies' Birthday club met at the home of Mrs. Robert Irish on Tuesday morning, April 9, with a pot luck lunch at noon. Mrs. Rod Ames was the guest of honor, her birthday being April 13.

Mr. and Mrs. E. W. King visited relatives in Kenosha Sunday afternoon.

Mr. and Mrs. Lawrence Dean, Mrs. Sarah Finkel and Mr. and

Mrs. Max Katz and new baby, all from Chicago, were Sunday afternoon and supper guests at the home of Mr. and Mrs. Oscar Finkel.

The Misses Joye and Janis Coll of Zion spent the week-end at the home of their grandparents, Mr. and Mrs. Arthur Stoneberg.

Lt. R. E. Hunter and wife and children of Great Lakes were Saturday afternoon visitors at the Eddie Van Patten home.

Mrs. Emil Hallwas of Antioch and Mrs. Curtis Wells visited Mr. and Mrs. Warren Wells at Wadsworth Sunday afternoon.

Mr. and Mrs. Fred Leable spent Sunday at the home of their daughter, Mrs. Blanche Alverson in Kenosha. Mr. and Mrs. Harold Bag-nall and three daughters, Laura, Anne and the new baby Catherine, were there on a visit from their home in North Carolina. The Bag-nall children are great-grandchildren of the Leables.

Mrs. Carl Zello and son, Tony of Milwaukee were Sunday guests at the home of Mr. and Mrs. Richard Wells. Mrs. Zello came to see her new granddaughter, Marlene Janette Wells.

Mrs. Rod Ames visited the R. Wells family Sunday afternoon.

Deep Lake

Mrs. Millie Luehr, Correspondent
Ehol 6-4946

Ray Short passed away Saturday, April 6. Funeral was at Gregory Church, Chicago to Calvary cemetery. Mr. Short was a pioneer of

Deep Lake. He served as the first alderman of the Fourth ward. His neighbors and friends will mourn his loss.

Arvid Arvidson flew with his sister, Ida Olson, to Monroe, Wash., to be her guest for a couple of months.

Molly Wachta and Ray Lorentz, Chicago were Sunday guests of Mr. and Mrs. Frank Luehr, and Sunday night Mr. and Mrs. Luehr attended a birthday dinner party in honor of their grandson, Billy Severson who was three years old.

The ladies auxiliary will hold its board and regular meeting Friday, April 12, at the home of Edna Stevens Cochran. Hostesses for the evening will be Mrs. Cochran and Lee Stollenwerk.

The Deep Lake Association will hold a meeting at 8 p. m. Saturday, April 13, at the Lake Villa town hall.

Henning Johnson is having his annual Florida fish fry Friday, Apr.

12. All are welcome.

Mrs. Jennie Haake was a dinner guest of Mr. and Mrs. White, of Chicago at the 19th Hole Sunday.

Bertha Larson was a guest of her son Erick Larson and family Sunday. She drove in from Appleton, Wis.

Those wishing to send get well cards or Easter cards to Arvid Arvidson may address him at Box 487, c/o Ida Olson, Monroe, Wash.

**Where There Is
No Short Cut To
SAFETY!**

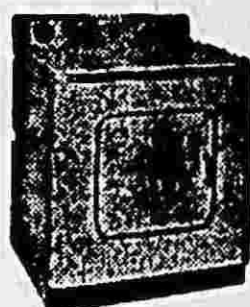

THE FIRST NATIONAL BANK

Antioch, Illinois

Of course
she can
get along
without a
dryer

..but why - when **ELECTRIC** dryers
cost so little, are fume-free, fast and thrifty!

Just 6¢ will dry
a big load electrically!

One of the wonderful things about having an electric dryer is that your clothes come out as fluffy and sweet-smelling as if you'd had them in the sun all day.

No musty basement odor. No fumes. Just clean, dry, radiant heat—like the sun gives.

All electric dryers are fully automatic (a good deal more dependable than the sun). Fast, too. You can dry a load of cottons in 25 to 30 minutes—and for only 6¢ worth of electricity!

You'll notice that all the "no vent" dryers are electric. Heat, lint and moisture just disappear down the drain. Your laundry area stays clean, dry and comfortable.

Why not see your electric appliance dealer?

Public Service Company

Big Saving—ask your dealer about our Share-the-Cost Installation Plan. It's the low-cost way to get the modern 100-amp home wiring you need for today's electric living appliances. The Plan is available to qualified home owners on terms up to 2 years.

If you own an electric range, you save up to \$25 on a new dryer! In fact if you have any 240-volt appliance your home probably has modern wiring already. This means the complete, installed price of your new electric dryer will be less than any other kind.

Extra Value At Jewel Jewel Jewel Jewel Jewel Jewel Jewel Jewel Jewel Jewel Jewel

Like your food store as clean as your home?

You Can Do Better at Jewel!

At Jewel, Cleanliness Is a Must!

Jewel folks feel you have a right to expect your food store to be as neat and orderly as you keep your kitchen. Cleanliness and food should be considered together.

Jewel folks have a set of Ten Commandments that guide them in serving you. First on the list (and it has been for 25 years) is clean and white.

Most any day you visit your Jewel you'll find folks washing sections of shelving, dairy cases and white market walls. Many times on Sunday—or late at night—you'll find a special crew, painting or scrubbing the walls, ceilings or shelves.

Visit the clean and white Jewel in your neighborhood this week. It's pleasant shopping there.

SOCIETY EVENTS

Ann Varese, McHenry, To Give Program for Antioch Woman's Club

Ann Varese will come from McHenry on Monday to bring a Lenten program to the Antioch Woman's Club when it meets at 1:30 p. m. Monday in the Scout Home. She will present "The Scarlet Lily," a fictionalized story of Mary Magdalene which she promises to be inspiring. A board meeting will be held at 1 p. m.

Hostesses for the afternoon will be Mesdames K. F. Deltrick, William Rosing, C. E. Hennings, Arthur Laursen, L. C. Scott, William Keulman, F. W. Oeschmann, D. S. Boyer, M. M. Stillson and Wendell Nelson. The club president, Mrs. Clarence Spiering, and Mrs. Louis Biel attended the reciprocity day of the Highland Park Woman's Club last week and Mrs. Spiering, with Mrs. Frank Vance, went to the Annual meeting of the 10th District of the Illinois Federation of Women's Clubs at Highland Park yesterday (Wednesday).

Garden slides from around the country were viewed at the Garden Section of the club when it met last Monday at the home of Mrs. A. J. Scully when the speaker on garden problems was unable to appear.

Women of the Moose Initiate at Meeting Open to the Public

The Women of the Moose chapter 735 held an open meeting at the Moose home April 4. It was an initiation meeting to which the public was invited.

Initiated at this meeting were seven new members. Ellen Badame, Johanna Badame, sponsored by Bernice Kolar, Dorothy Fritz Lorraine Gerloff, sponsored by Gloria Carrick, Pauline Mack, sponsored by Alice Young; Jean Herman sponsored by Jane Verkest; Shirley Gerhls, sponsored by Joan Lindstrom.

In attendance were 21 from the Loyal Order of Moose, 20 visitors and 70 co-workers of the Women of the Moose.

Included among the visitors were Edna Carlson from Chicago chapter No. 44 and Lorraine Tesch of Chapter No. 747 of Cicero.

Mrs. Arthur Meyers of Antioch gave a talk on colors in interior decorating. William Horton of the district office gave a short talk also. Friendship committee will have a card party April 11 (tonight) at the Moose Home.

A rummage sale will be held at St. Ignatius' church at 11 o'clock Friday, April 12. Refreshments for the meeting were served by the homemaking committee chairman Lorraine Cisar.

St. Ignatius' Services For Holy Week Listed

The Rector of St. Ignatius' parish church announced the schedule of services for Palm Sunday and the following Holy Week, as follows:

Palm Sunday: A celebration of the Holy Eucharist at 8:00, 9:30 and 11:00 A. M.

Monday of Holy Week: The Holy Eucharist at 7:00 a. m.

Tuesday: The Holy Eucharist at 7 p. m.

Wednesday: The Holy Eucharist at 7 a. m. Choir practice at 7 p. m. in the parish hall. 8 p. m. Evening Prayer and meditation. The Rev. Leon B. G. Adams, rector of St. James' church, Dundee, will be the conductor of the service.

Thursday: (Maundy Thursday) The Holy Eucharist at 7 a. m. which will begin the prayer vigil for this day. 8:00 p. m. a special celebration of the Holy Eucharist.

Friday: (Good Friday) The celebration of the Holy Eucharist of the pre-sanctified at 9 a. m. The three hour service from 12 noon until 3 p. m.

Saturday: (Holy Saturday) The Holy Eucharist at 7 a. m. 8 p. m. The Blessing of the New Fire.

Sunday: (Easter Day) A celebration of the Holy Eucharist at 8, 9:30 and 11 a. m.

Attend Teachers Meetings
Several Antioch high school teachers attended professional meetings last week-end. Attending the Illinois Vocational assn. meeting at the Hotel Sherman in Chicago last Thursday, Friday and Saturday were Stuart Good and Melvin Stillson, industrial arts teachers; Esther Elavin and Warren Polley of the business education division. Polley was elected to the board of directors for three years and will again have charge of publicity. Donald Chiappetta, librarian, attended a meeting of school librarians in Springfield Friday and Saturday, and Donald Cramer of the mathematics department attended a mathematics teachers conference at Illinois State Normal University, Normal, Ill.

Druce Lake Meeting
The Druce Lake Community Assn. will meet tomorrow (Friday) evening at the home of Christ S. Minneci president. The playgrounds donated by Wedge and Kennedy are in use and will be fenced.

Order of Rainbow Adds Members from Gurnee

Beverly Rudin and Sally Peterson of Gurnee were initiated into membership by the Order of Rainbow Monday. Committee reports were given and discussions of the Grand Assembly to be held in July took place.

Mrs. Dorothea Farms, mother advisor of the Antioch assembly, attended the institution of the Wheeling assembly last Saturday. It was an all day event with pot luck supper and installation in the evening. Nancy Scott, Barbara Yates, Nancy Cribb, and Marilu Bushing took active parts in the program. Mrs. Martha Hunter, supreme deputy handled the affair in the fullest capacity.

HONOR NOBLE GRADS

Lakeside Rebekah Lodge entertained in honor of its past noble grads when it met last week. They were Mary Runyard, Sophie Hennings, Frieda Wertz, Lillian Hand, Clare Horton, Maude Johnson, Velma Jackson, Mary Ellis, Eva Gaylord, Zella Larson and Hortense Gordon. Each was presented a gift from the lodge.

Attend Chicago Performances
Thirteen members of the Pop band at the Antioch Township High school accompanied by their instructor, Louis Chenette, attended a performance of the Chicago Symphony orchestra at Orchestra hall in Chicago last Friday. At night they saw the Ice Capades.

Provide Feed for Firemen
Henry Steinbarth and Charles J. Cermak, Jr., provided a Bohemian dinner last evening for the members of the Antioch Fire department. Steinbarth, a resident of Channel Lake, is a manufacturer of Polish sausage which was served with roast pork, dumplings and sauerkraut.

Gaa Now in Germany

Pvt. Ronald Gaa, son of Mr. and Mrs. John Gaa of Lake Catherine, is Senior Supply Clerk operating the supply room at the 7th Army Supply Point No. 1 at Schweitzingen, Germany. This supply point is supplying the entire 7th Army in Europe. His tour of duty in Europe is to be for 18 months.

He left Brooklyn, N. Y., on March 9 on the USNS General R. E. Callan, but the boat returned to Brooklyn on March 10 with a burnt out bearing. It left Brooklyn again on March 11 and he arrived in Bremerhaven, Germany, on March 21.

Gaa entered Basic Training on August 15 at Fort Leonard Wood, and was transferred to 589th Eng. Corp. at Granite City Eng. Depot for on the job training on Oct. 22.

A film on Catholic Charities was presented as was a millinery style show by MariAnne's where the Altar and Rosary Society of St. Peter's Church met on Monday night with about 70 in attendance.

Dr. and Mrs. Alan Thain have moved into their new home in Sabrina Manor overlooking Antioch Lake.

Mr. and Mrs. Forrest West and children, Janice and Diane Lee of Kansas City, Missouri are guests of Mrs. West's parents Mr. and Mrs. Lee Strang.

Co. Safety Chairman Discusses Problems Of Traffic With Lions

There is no single solution to the problem of traffic safety, Pat O'Connell, chairman of the Lake County Safety commission told members of the Lions club Monday evening in their dinner meeting at Smart's Country House.

Teen-agers with their love for speed and daring are one menace,

although teenagers are better drivers than their fathers. Drunks cause 27 per cent of the rural deaths, and the slow driver provides his share of the accidents. The speeder is often the reckless driver. One of seven drivers who travel more than 65 miles an hour do so recklessly, O'Connell said. Eighty per cent of the accidents are caused by 10 per cent of the drivers.

To improve conditions O'Connell said that junior safety groups are being organized in high schools and grade schools. Better roads, education on proper driving, and law enforcement are means of reducing traffic accidents.

The Lions inducted into membership Richard Harland and Ralph Gressens, during the business session.

Library News

Robert Churchill has been official gun expert to the British police force since 1910. The British government enlisted his help during World War II, but it is in the field of sporting guns that Mr. Churchill is the prime authority. "Churchill's Shotgun Book" will be of great interest to all small game hunters who want to know more about the selection, care, and most effective use of the shotgun. "Churchill's Shotgun Book" was given to the Antioch Township Library in memory of George L. Bacon.

Among the many fine books added to the library shelves lately, the following will be of special interest. "Day of Infamy", by Walter Lord, is the story of that fateful December 7 when the attack on Pearl Harbor plunged our country into war. "My Lord, What a Morning" is the autobiography of the famous Negro contralto, Marion Anderson. Jessamyn West tells the story of the

making of her novel, "The Friendly Persuasion", into a moving picture and also gives the reader vivid glimpses of her life and philosophy. She aptly titled the book "To See the Dream". James Michener was there when a tiny bridge became a pathway to freedom for more than twenty thousand people who fled communism during the Hungarian revolt. "The Bridge at Andau" is his chronicle of those flaming weeks.

Mrs. Roman Vos Heads Antioch Cancer Drive

"When you give to the Cancer Crusade of the American Cancer Society, part of your money goes to support the year-round education program of the Lake County Unit," said John Schneider, Lake Bluff, Lake County Chairman of the April drive for funds.

Mr. Schneider pointed out that this important phase of the Society's work is under the direction of Mrs. Edwin E. Glenn, Waukegan, Lake County Education chairman, and a large group of 19 local community chairmen who work constantly with her. Community chairmen include Mrs. Roman Vos of Antioch, and Mrs. Elmer Koske, of Fox Lake-Ingleside.

Open Letter To The Voters Of Antioch Township

On Saturday, April 13, 1957, the Antioch Township High School Board of Education election will once again be at hand. This year, unlike last, the issues will not be a controversy about internal policy and strife. The major issue which now confronts us concerns more advanced education in our atomic age.

According to varied reports, there are a few groups in the township area who believe that the disruption of harmony amongst board, administration and faculty is once again imminent and unavoidable. Voters—this could not be further from the truth.

The main objective of candidates for the Board of Education should be to represent the entire populace of Antioch Township in securing the best possible education for our children.

The men best qualified to fulfill these obligations and objectives are John Romer of Lake Villa, Roy Frasier of Grass Lake and Robert Chandler of Antioch.

INDEPENDENT VOTERS FOR BETTER EDUCATION OF ANTIOCH AND LAKE VILLA

(This advertisement paid for by independent voters)

Nation Still Leans On Coal Industry For Power Sources

University Park, Pa.—In spite of recent developments in atomic and solar energy, the coal industry must look forward to a steadily increasing growth to meet our country's needs for industrial and domestic uses.

This is the opinion of Dr. H. Beecher Charnbury, professor of mineral preparation at the Pennsylvania State University, who predicts the constant rise in population and the sharp expansion of our public demand for greater conveniences will continue to supply the impetus for progress in the coal industry.

"When we add to the coal needed for industrial and domestic uses the energy that will be required in the not too distant future to supplement our oil and gas supplies and the coal that will soon be increasingly used for coal chemicals, the long term prospect for the coal industry is good indeed," Dr. Charnbury says.

However, if the coal industry is going to make the progress it must make, it must have help. He cites the need for more technically trained engineers for the efficient production, preparation, and utilization of coal.

Dr. Charnbury also cites the need for more research, not only in the utilization of coal, but also in the field of mining and in preparation.

He points out that in Pennsylvania, where coal is a billion dollar business and more than 75,000 persons are employed in just the mining of it, research is needed to determine more economical methods of extracting the coal.

New Disease Like Scarlet Fever

CHICAGO—An apparently new disease with symptoms resembling those of scarlet fever, but without its seriousness, was reported by a Pennsylvania pediatrician.

Thirty cases were seen at the State Hospital for Crippled Children at Ellzabethtown, Pa., according to Dr. Mary D. Ames.

The scarlet fever-like symptoms were fever, sore throat, and a generalized bright red rash. However, no streptococci, the causative agent of scarlet fever, were isolated from the throats of the patients and there was no scaling of the skin as in scarlet fever.

Dr. Ames pointed out that it is very important to distinguish between the new disease and scarlet fever because of the hardships that would follow wrong diagnosis. A diagnosis of scarlet fever means that the patient must be quarantined for at least seven days. In Pennsylvania, other persons residing on the premises cannot handle or sell food, milk, candy, beverages or tobacco. The child loses time at school and the adults may be cut off from necessary income, she said.

More Americans Take To Wheeled Housing

The steadily growing trend to life on wheels (mobile homes) has made this industry a booming billion-dollar business, with nearly 200 manufacturers and 3500 dealers.

Sales of the wheeled houses have rocketed from a little over \$1,000,000 in 1930 to approximately \$500,000,000 last year, according to figures released at the 20th annual National Mobile Home Show in the New York Coliseum.

Another \$500,000,000 is invested in mobile home parks, some of which cost as much as \$500,000—each.

Mobile home occupants now number 3,000,000, with another quarter of a million people joining their ranks every year.

There are more than 1,000,000 of the wheeled houses in use today. Average annual income per family exceeds the national average by more than \$1,000.

Chinese Reds Invent American Staplers

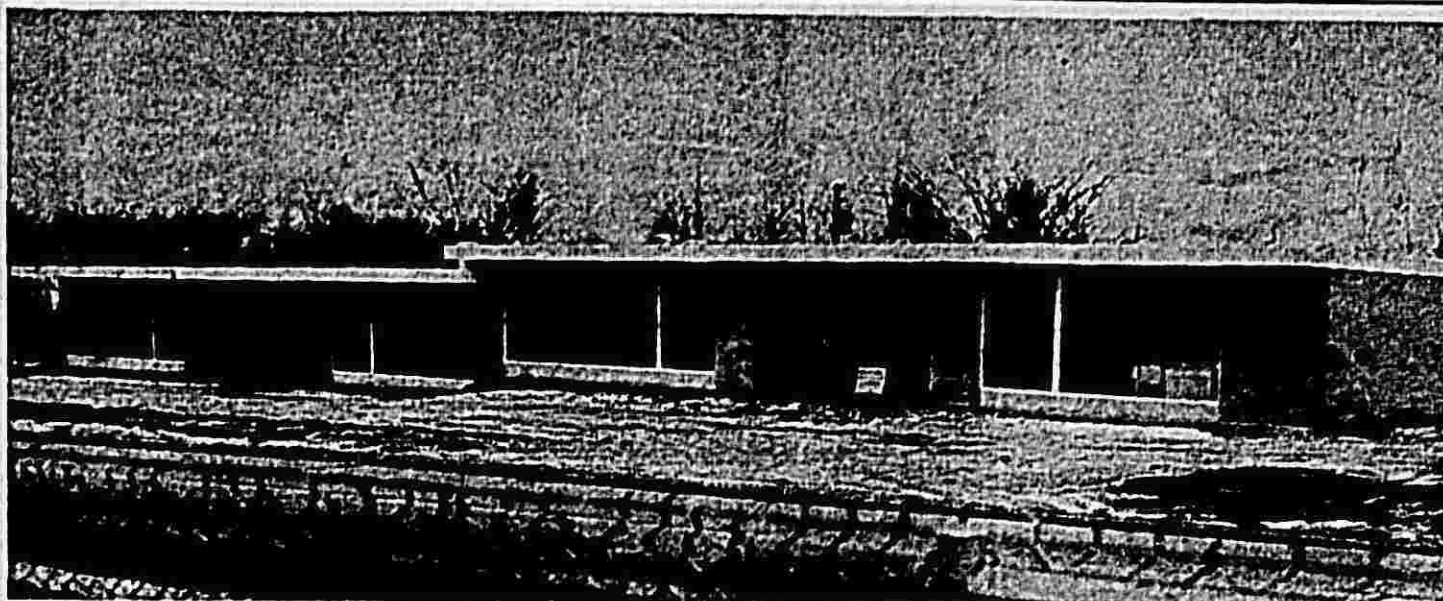

NEW YORK—The Red Chinese, while disavowing most of the philosophies of our free enterprise system, are not a bit hesitant about borrowing its more concrete benefits.

Latest thing to come out of a China that's force-feeding itself industrialization is a stapling machine for the use of the thousands of bureaucrats the communist system requires. It's hailed as an all-Chinese step forward, but even a casual examination proved it to be a copy of the familiar device produced by a Long Island firm.

New Steel Stamp
WASHINGTON—The Post Office Department will issue a centennial postage stamp in May commemorating the start of the "Age of Steel" in this country.

The "first day" of the new issue is to be timed to coincide with the Sixty-fifth General meeting of the members of American Iron and Steel Institute.

New Display Rooms at Lake Villa Expand Business

Walter Boss, Lake Villa contractor, has erected new buildings on Rte. 21 at Lake Villa which will not only supply space for his building equipment and materials but offer fine display rooms for new business. This is the view of the building from Rte. 21.

Financial Wizard Buys American Motors Stock

Following a conference with Louis E. Wolfson, Miami, American Motors' biggest stockholder, George Romey, chairman of the Board of Directors, and president of the big automobile firm, said that American Motors will be operating in the black early in 1958.

Wolfson made his investment after being satisfied that American Motors, its products, management and programs are sound.

Plans call for moving aggressively with the Kenosha firm's unique program in the automobile field, maintaining and building leadership in the small and compact car field and increasing the penetration in the medium price market by senior cars.

Total Construction Should Set New Records in 1957

Chicago—Construction will continue at a record pace this year, although there will be little change in the volume of residential building.

This is the opinion of John M. Neff, manager of the ceramics and minerals research department at Armour Research Foundation of Illinois Institute of Technology, Chicago.

He believes total construction will set a record in 1957, as it did last year, but that private home construction—which failed to live up to expectations last year—will not do much better in 1957.

"This latter point does not reflect a recession in the building industry as some people seem to think," Neff declared. "The building industry is holding its own in our growing economy, but not in the areas that were expected."

The volume of all types of construction last year totaled over \$44 billion, an increase of 3 per cent over 1955. Residential construction in 1956, however, was down 8 per cent from the previous year.

This does not indicate that the supply of housing is catching up to demand, Neff contended. But it does reflect, he said, a more cautious attitude on the part of people who are house hunting.

"The public is standing off and giving more consideration to how they want to live 20 years from now," Neff declared. It is largely this thoughtful pause in making a decision, he said, that is responsible for the slowdown in private home construction.

Human Body Reacts To Hunger, Pain

Los Angeles—What happens to your body when you are hungry or hurt?

Dr. Bernard Engel, University of California, Los Angeles, psychologist, has made a study of such "abnormal" conditions.

Subjects who fasted up to 24 hours showed a slight drop in blood pressure, a very slight rise in temperature, increased saliva flow, decreased respiration rate, and an increased incidence of stomach contractions.

Subjects who had their feet suddenly plunged into a bucket of ice water showed a marked increase in blood pressure and an increased heart rate. The blood volume in their fingers also dropped, and a blocking of stomach contractions occurred. Anticipation of pain produced similar but not identical results.

In general, Dr. Engel said, the studies did not support earlier theories which had suggested that the body did not physiologically distinguish between hunger and pain.

Need the Time
LONDON—The House of Lords has decided to give its members 4 minutes instead of 3 to reach the voting lobbies whenever legislation is voted on. "Many of us are getting older," one spokesman commented.

Fathers Worth Two at P.T.A. County Monday

It will be Father's Night at the Parent-Teacher Association meeting Monday and all fathers have a special invitation to attend.

Fathers will be made to feel doubly important in that they each will count two in the room count.

S. Sgt. Richard Shaffer of the United States Air Force will show a film on the atomic bomb.

Refreshments will be served by the first grade room mothers, Mrs. Henry Smith, Mrs. Arnold Koenig, and Mrs. James Maplethorpe and their committee.

Stamp Collector Exhibit At Waukegan Apr. 26-28

More than 20,000 stamps and covers are expected to be exhibited April 26-28, 1957 in the American Legion hall, Waukegan, when the 20th annual stamp show sponsored by the Lake County Philatelic Society, gets under way.

The exhibition is not limited to members. Anyone wishing to display stamps may do so. Contact immediately, Reuben Segebarth, Chairman of Exhibits, 1020 Ridgeland Ave., Waukegan.

A cachet with a "Good Neighbor" theme has been prepared for the occasion by the Lake County Chapter, American Tropical Association. Besides the stamp exhibition itself, there will be bourse tables, a banquet, and an auction. Registration and reception. Chairmen of the various committees include: Registration and Reception, Mr. and Mrs. W. R. Kressi, Lake Villa.

Caroline Adams, 64, Resident of Wilmot, Buried at Richmond

Miss Caroline Adams, 64, Wilmot, Wis., died at 6:30 p. m. Sunday at the Winnebago State hospital Oshkosh, Wis., where she had been a patient five weeks.

Born in Richmond township, Ill., Miss Adams moved to Trevor, Wis., where she lived four years and then moved to Wilmot where she has resided the past 15 years. She was a member of the Holy Name church in Wilmot.

She had been employed as a domestic worker in the Richmond area for several years.

The brother Aloysius Adams, of Wilmot, survives.

Miss Adams was preceded in death by her parents, Peter and Clara Krumpen Adams, a brother, Raymond, and a sister, Mary.

The funeral service was at 9:30 a. m. yesterday at the Holy Name church with the Rev. Harold O'Connor officiating. Interment was in St. Joseph cemetery, Richmond, Ill.

Rosary was held at 8 p. m. Tuesday.

Anticipating a 20 per cent expansion in water-borne commerce in 1957, barring unforeseen tieups, the American Waterways Operators, Inc., says one factor in the gain will be "the tremendous growth of the electric power industry which gets a huge part of its coal delivered by barge."

High School Board.....

(Continued from page 1)

ate from Illinois State Normal University in June, and will teach Mathematics. Her home is in Zion, Ill.

Miss Dorothy Belisle will be added to the staff to bring relief to a growing Homemaking Department. She will also serve as cafeteria manager. Miss Belisle is a graduate of Stout State College and has taught for one year at Manitowoc, Wis. She has done graduate work at the University of Wisconsin.

Elmo Edwards has been assigned a full time teaching position for next year. He will teach physics and General Science. He will also serve as chairman of the Science department and assume the responsibilities of ticket manager.

Warren Polley has been appointed Assistant principal. He will assume the administrative assignment in August.

Ward Lear, who has been teaching in the Business Education Department, will again teach in that department and, also, will assume the Athletic Directorship vacated by Warren Polley.

Lawrence Leon will concentrate on serving as Varsity Basketball coach and Varsity Baseball coach.

William Baird will become the assistant Varsity Football coach, a position vacated by Mr. Leon.

Stuart Good has been assigned the Sophomore Basketball coaching position.

Tree Farming Plan Shows Money Can Grow With Timber

WASHINGTON—The Tree Farm movement started just 16 years ago is growing up.

From Montezano to Miami, from Kennebunk to California, landowners are waking up to the fact that money really grows on trees.

Interest in tree farming—the growing of timber as a crop—is best attested by the fact that to date 44 states participate in the voluntary, industry-operated American Tree Farm System of growing timber as a crop on tax-paying timberlands. The program enrolled more than 4 million acres during the past year.

Behind all this increasing fervor for good forestry lies the basic stimulant of good markets for wood products. Unless the farmer can sell his sawlogs, his pulpwood, his fence posts and his Christmas trees, he has little incentive to investigate the opportunities of good woodlot management. For geographical reasons, there isn't always a local market for timber, but the overall market outlook around the country is bright. Already Americans use 5,129 articles made from wood—and the list is increasing.

In the United States today are some 4,461,274 "small" woodlot owners whose holdings are under 500 acres. They hold 61 per cent of the country's commercial forest land. Each year they take to market and sell \$700 million worth of sawlogs, pulpwood, posts, turpentine, Christmas trees, maple syrup, and other forest products.

Because these small landowners control most of the nation's forestland, it is clear that increasing demands for wood open the door to greater opportunities for producing timber as a cash crop. The farmer who has paid little or no attention to his woodlot might well look into the advantages of forest management.

GOP Holds Steady Block of Voters

LOS ANGELES—Except in the "solid" South, the Republican Party has a more solid bloc of consistent voters to depend upon than does the Democratic Party. This was indicated by a study of 13 presidential elections made by Dr. Jennellen Wesley Fergu-

son.

Dr. Ferguson, now an assistant professor of government at Los Angeles State College, analyzed votes cast for President in elections from 1900 through 1948. From this data, she drew conclusions regarding behavior trends.

She found, for example, that major urban counties cannot be placed safely in either party column. Rather, these counties "swing" from one party column to the other, indicating that the major factor in a Presidential campaign is the urban vote.

Highest voter participation since 1900 has been in the Midwest and East, with the lowest in the South. On the other hand, voter participation has been rather stable in the South while it has declined in other areas.

City Dwellers Drive Farther for Their Fun

LOS ANGELES—City dwellers drive farther for social reasons than for shopping purposes, according to a study of metropolitan Los Angeles' contact patterns.

Most of the interviewees indicated they did their shopping within their own neighborhoods, but social contacts were some distance beyond. Some interviewees averaged as high as 16 miles a trip for social reasons.

"Neighborhoodness" seemed to be limited by the number and quality of cars in the family. Car ownership increased the radius of urban contacts. Those with two cars in the family had more commercial and social contacts outside the neighborhood than those with one car.

Three Out of Four College Grads Marry

UNIVERSITY PARK, Pa.—Married alumnae of the Pennsylvania State University outnumber single alumnae by about three to one, according to a recent survey.

The survey covers 64 years, from 1890 until 1954 and includes replies from 4,708 alumnae. Questionnaires were sent to 7,000.

The 3,456 married graduates report a total of 5,037 children. Among the women graduates, 1,126 never married, 67 are widowed and 59 are divorced.

Standing Economy

WASHINGTON — Inauguration stands in the vicinity of the White House were built of wood. Proposals that steel stands be erected were turned down as too costly. Much of the cost of the wooden stands is recovered by resale of the lumber used.

GRAYSLAKE - Baldwin 3-2441

Antioch Beats Wilmot, Loses to Grayslake; Plays Wauconda Next

After losing to Grayslake High in the season's opener 14-0 Tuesday, Antioch's baseball team came back with a better brand of ball yesterday and won from Wilmot High at Fox River Park 4 to 2.

Because the Antioch baseball diamond has not been usable yet this season, the frosh-soph game at Grayslake was canceled and the varsity game played here instead.

The Sequoits had no outdoor practices before the Grayslake game, and indoor playing was with rubber balls because of danger of window breaking. They became acquainted with the regulation ball Tuesday.

Don Pyle started the game and what the Rams didn't make on hits the Sequoits moved them about on errors. The home team made seven scores in the first inning. Frank Ferdon pitched the last two innings and he was hit just as hard in the four innings as Pyle was in the first. The game went only 4½ innings.

The game with Wilmot went seven innings. Wilmot only scores came in the second inning and gave the Wisconsin boys a 2-1 lead. In the fourth after Ferdon had allowed two walks, Pyle went onto the mound and blanked Wilmot the rest of the way.

Pyle, a freshman won his own game by slamming a two-base hit with the bases loaded in the fifth inning. Ferdon had pitched good ball up until the time he became a little wild.

Tomorrow (Friday) the Sequoits will play Wauconda there.

Coach Larry Leon said that Grayslake, last year's co-champions, has one of the better teams in the league and were in better condition for Tuesday's game, but that he expects his own team to be just as good later in the season after the boys have had more experience.

N. I. Bowmen to Hold Open House at McHenry

The Northern Illinois Bowmen will hold an open house meeting at the American Legion Home at McHenry on April 13 at 8:15. The public is invited to come and enjoy the evening with the members and guests. The program will consist of Fred Bear's archery films, "Backcountry Bowhunt" and "Bow Hunter's Safari." There will be a short address by a guest speaker followed by refreshments and there will be no admission charge. The regular business meeting will be dispensed with for this month.

The Northern Illinois Bowmen's beautiful field course is located about one and a half miles west of McHenry. The range is made up of targets set at different ranges up to 80 yards.

New members are welcome in the club and any further information may be had by contacting the president of the club, Duke Adams, 117 I St. Ave., or phoning McHenry 975J.

High, Grade School.....

(continued from page 1)
and is president of the Music Assn. at A.T.H.S. He has two daughters, one of whom is a freshman in high school.

TWO YEAR TERM
Arthur W. Seekatz, 57, Petite Lake Rd., Lake Villa, has been proprietor of A. W. Seekatz Builders of Round Lake since 1925. He has lived in Lake Villa the past nine years. He is a member of the Round Lake Chamber of Commerce, Grayslake Lions Club and Lake Villa Men's Club. He believes his building experience will be valuable to the high school in any future building program. His daughter is a freshman at the high school and a son graduated four years ago from the school.

Robert F. Chandler, 30, a resident of Hickory Ave., Silver Lake, taught at Antioch Township High School two years. Has been employed by Thacker Civil and Sanitary Engineers for 15 months. Has training in education that makes him familiar with needs of curriculum. Has two sons, aged 11 and 4.

GRADE SCHOOL BOARD
Arthur Letkey, 57, 322 Cedarwood Lane, Antioch. Retired from the Chicago fire department after 28 years of service. Resident of the community two years. He has four children; one aged 11, is in the grade school.

Sam A. Lombardo, 39, of 239 Maplewood Drive, is a truck driver for Marshall Field and Co., Chicago. Has resided at Oakwood Knolls 2½ years. A son Frank, is a senior at Antioch High; Frances Carol is in the fifth grade at St. Peter's and Patricia is in the first grade at St. Peter's. He is past secretary of the Oakwood Knolls Civic Assn. and now on the board of directors.

Elroy K. Anderson, 47, of Rte. 4, Antioch, came to Lake Villa in 1926 and then to Antioch in 1944. He is one of the owners of the Antioch Recreation. He has a son, 12 who is in the Antioch grade school.

Harold E. Cardiff, 51, Rte. 2, North Main St., was plant superintendent at the Regal China Co. 6 years, coming to Antioch in 1939 from Oak Park. He operated Cardiff's restaurant four years and the Western Tire Co. two years. He has been on the present school board 14 years. One son is in the grade school, and one in high school. There are two other children. He has been active in youth groups.

Charles L. Wertz, Rte. 4, aged 45, has served on the grade school board nine years, and was president one term. He has been in the well drilling business 25 years. He was born and raised in Antioch.

Cunningham, Cermak.....

(continued from page 1)
och Volunteer Fire department, a member of the Chamber of Commerce and has participated in Little League activities.

Cunningham is married and the father of four children; owns his own home and is a taxpayer, who appreciates a taxpayer's position.

Charles J. Cermak, Jr., local real estate man, points to the fact that he was instrumental in organizing the Antioch Chamber of Commerce which he served as president in 1952 and 1953. He is a member of the executive board of the Lake County Tuberculosis Assn., a director of the Waukegan-Lake County Realtors Board for three years, and chairman of the American Red Cross drive in Antioch two years. His operation of the real estate and insurance business is cited as his acquaintance with business administration. He is a member of the Chamber of Commerce, and a number of local civic and veterans organizations. He advocates among other matters building and zoning

regulations. Cermak is married and has three children.

For Police Magistrate
E. Elmer Brook, police magistrate incumbent, has served in that office for more than 20 years. He is in the real estate business. His home is at 499 Lake st.

Herbert W. Horton, 807 Dwight Ct., has been a resident of Antioch 12 years. He was in service three years. As proprietor of the Golden Glo Dairy he serves as a Borden Co. distributor.

For Village Trustee
Ernest H. Glenn, 996 Spafford st., is a candidate for re-election after having served three years of an unexpired term. He is a water well contractor and has lived in the Antioch area since 1923, moving to his present address in 1938. He was a director of the Oakland School board for five years, resigning that position when he moved to the village. He served six years on the Antioch High School Board. He is past commander of the Antioch American Legion.

John M. Blackman, 34, 281 Chestnut st. is a life long resident of Antioch. He is a member of the contracting firm of Laursen and Blackman having been in business 12 years. He has been a trustee for four years.

Bernard N. Osmond, 36, 976 Hillside ave. has lived in Antioch all of his life. He has been in the insurance and real estate business in Antioch for the past three years. Both of his grandfathers Harry Osmond and Barney Naber served as trustees, Naber also serving as president of the board. He is a director of the Chamber of Commerce, and has served as chairman of precinct 1, and vice chairman of the Republican Central committee.

Frank D. Powles, 56, 404 Winsor dr. has been a resident of Antioch 54 years and in business in the same location on Lake st. since 1921. It started as Powles Meat Market and then was changed to Powles Dairy store. He served on the village board from 1943 to 1948 when he moved from the village and built a home at Lake Marie. In recent years he moved back to Antioch. He is a member of the Lions club which he once served as secretary.

VOTE FOR PROGRESS!

ELECT

EINAR PETERSEN

Independent Candidate for Member of

Antioch Village Board of Trustees

Election: Tuesday, April 16, 1957

TO VOTERS OF THE
VILLAGE OF ANTIOCH:

As an independent candidate for the office of Member of the Board of Trustees, Village of Antioch, I wish to submit the following information concerning my qualifications for the office, and also to take this opportunity to outline my aims, if elected.

Fifty-three years of age, I have been a life-long resident of the Village of Antioch. I am the father of six children, am a home-owner and a taxpayer. I have successfully operated my own business in the Antioch area for many years.

As one of the organizers and a charter member of the Antioch Rescue Squad, I have served as a member and officer of the squad since its inception. I am a member of the Antioch Lions Club and served twenty-eight years with the Antioch Volunteer Fire Department.

If elected, I will perform ALL the duties of the office to the very best of my ability and will pledge my continued interest in the office during the full length of my term.

I will place special emphasis on improvement of streets and alleys of the village, with a view to eventual paving of all our streets.

Full co-operation with various organizations which are trying to improve our village is a must, and I pledge one hundred per cent co-operation to any of these which has a worth-while program. At this time of accelerated growth of Antioch and the area, proper planning is doubly important.

Although my name appears in the right hand column on the ballot, and I am not on the party sponsored by the present administration, I feel that I have the friendship and well-wishes of every member of the present board, and that if elected I will be able to function smoothly with the board.

I earnestly solicit your vote and support in the election and again renew my pledge to give the job my best and continued effort.

Yours sincerely,

Einar Petersen

Atomic Fall-Out Held Threat to Future Generation

MEXICO CITY — The radio-active fallout particles being spread throughout the world as a result of atom bomb tests, and uncontrolled antibiotic therapy are the seeds of chronic illness and premature death in present and future generations, an American expert on genetics warned here.

The danger of both were reported by Dr. Edwin J. Grace, of the Grace Clinic, Brooklyn, N. Y., speaking before the congress of the International College of Surgeons.

"Radio-active fallout from atomic tests may induce dangerous cellular mutations (Changes in the characteristics of an organism) in man with untoward effects on present and future generations," he said. "Likewise, the genetic changes caused by inadequate antibiotic therapy must be prevented."

He said wartime research brought out that combinations of antibiotics delayed or prevented the emergence of resistant bacterial strains. This technique, he reported, has been improved by a combination of antibiotics in a detergent solvent (aerosol wash) a refinement of that used in the household.

The combination, he said, results in an extensive diffusion of the antibiotic into a wound and diminishes greatly the need for many extensive procedures. He added:

"The detergent solution so enhanced therapy that previously inadequate doses immediately became adequate in certain instances, and produced an effectiveness beyond their additional potential."

Dr. Grace said an antibiotic in a detergent also is being inhaled as a mist in the treatment of many infectious lung diseases. It also is being used in cases of sinusitis (inflammation of the sinus.)

Sees Big Year for Educational TV

ANN ARBOR, MICH.—This year will be the biggest yet for experimentation in teaching by television, believes Edward Stasheff, associate professor of speech at The University of Michigan.

"I predict that a great many elementary schools will experiment during the coming year with closed circuit TV, either in one school or in a group of two or three schools situated close enough so that fewer miles of cable will be needed to connect them," he says.

TV's success in imparting factual information has already been

proved, the U-M professor believes. The next steps are to find some way of getting around the loss of human contact and to offset the very natural prejudice against anything mechanical and impersonal on the part of both students and educators.

The professor reports that on the college level perhaps the most significant work has been done at the Pennsylvania State University, where many courses covering almost the entire curriculum have been taught. On the high school level, experiments in Cincinnati showed that a chemistry class learned more by television than the control group in the classroom did.

Pond Algae May Be Newest Fuel Source

BERKLEY, CAL.—Algae, the tiny, single-cell green plants common to stagnant ponds, may be harnessed to provide man with a new source of fuel.

Researchers at University of California have obtained small quantities of methane gas, a basic building block for the production of gasoline and other fuels, by controlling a series of natural processes involving the growth and decay of algae.

In nature, algae cells convert and store the sun's energy by a process known as photosynthesis.

Cost Index Affects Every Pocketbook

MINNEAPOLIS—How hard will it actually hit your pocketbook if the U. S. living cost index keeps on climbing in 1957?

If you are the head of a typical non-farm family in the \$5,000 bracket, you can figure that from here on it will cost you about \$34 per year for each full point's rise in the index.

Farm Exports Drop
WASHINGTON—Exports of United States farm products will drop during the first half of 1957, the Agriculture Department predicts, citing the fact that the Suez crisis has trimmed the pocketbooks of some foreign customers. While exports will continue at a "high" rate, the Department does not expect them to equal the \$2,300,000,000 rate set in the last six months of 1956.

TOP POWER makes a GMC TOP VALUE

NEVER BEFORE has a light-duty truck packed the tremendous wallop of GMC's 206 horsepower.

It's the most powerful light-duty truck ever built.

It actually has more power than many trucks rated at 4 times its capacity. That means ability to move the toughest loads without grunting—and move them at a timesaving clip.

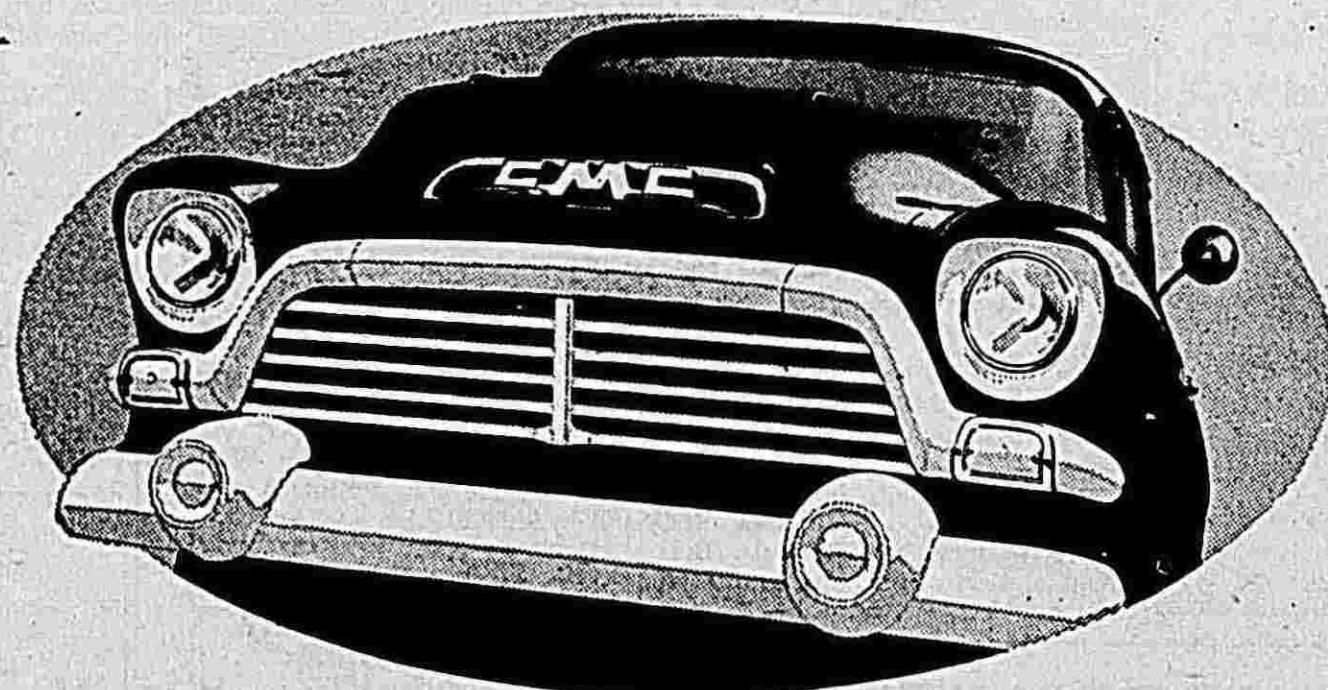

Then look what goes along with it—as standard equipment:

A fast-ratio cruising axle for up to 17% better gas mileage.

Recirculating ball-bearing steering for finger-tip handling. Longer, easier-riding, heavy-duty springs.

Plus boulevard styling and a luxury cab your wife will love to be seen in—boulevard performance to make you proud.

Come in and see why Blue Chip quality makes the dollar proud of its purchasing power. Do it today.

Legal Notice AN ORDINANCE ESTABLISHING DAYLIGHT SAVING TIME

BE IT ORDAINED BY THE
PRESIDENT AND BOARD OF
TRUSTEES OF THE VILLAGE OF
ANTIOCH, COUNTY OF LAKE
AND STATE OF ILLINOIS:

SECTION 1: Central Standard
time shall be the official time with-
in the Village of Antioch for the
transaction of all Village business,
except that from two o'clock A. M.
on Sunday, the 28th day of April,
1957, official time for the village
shall be advanced one hour and at
two A. M. on the last Sunday in
October, 1957, such official time
shall be the retarding of one hour
be returned to Central Standard
time. All legal or official business
thereof shall be regulated as to
time in accordance with the provi-
sions of this section and when by
ordinance, resolution or action of
any municipal officer or body an
Act must be performed at or within
a prescribed time, it shall be per-
formed according to the official
time as herein prescribed.

SECTION 2: All clocks or other
time pieces in or upon any public
buildings or other premises main-
tained at the expense of the Village
shall be set and operated according
to the official time as provided in
the preceding section.

SECTION 3: All persons residing
within the Village and all persons,
firms or corporations doing busi-
ness within the Village are hereby
requested to set and operate any
and all clocks or other timepieces
under their control within the Vil-
lage in accordance with the official
time as herein provided.

SECTION 4: This Ordinance
shall be in force and effect from and
after its passage and approval.
(Signed) J. W. McMillen
Village President

Attest:
C. B. Shultis,
Village Clerk.
Passed: April 2nd, 1957.
Approved: April 2nd, 1957.
Published: April 11, 1957.

MONEY MATTERS QUIZ

1. How many banking services can you name?

2. How many banking services do you use?

Chances are, you'll give either two long answers or two short ones. Once folks find out the numerous ways the bank can be helpful with everyday money matters, they're likely to take advantage of them. See us about improving your score on both questions above, and pave the way to easier, more efficient personal money management. Come in soon—and often!

Builder Predicts Impending Return From Suburbia

CHICAGO—"It is just a glimmering today, but the pattern is already set for many cities throughout the country. People are becoming dissatisfied with life in the suburbs; they are going to move back to the city, and then straight up!"

So predicts Chicago realtor Ralph W. Applegate, a specialist in the construction of high-rise residential cooperative apartment buildings. He is convinced that for Chicago and scores of other cities, the time is ripe for a major reversal of the trend to a suburbia.

As an example, he cites Phoenix, Ariz., where the Phoenix Towers, a \$3 million 14-story luxury cooperative is now nearing completion near the downtown area. Demand for apartments in the building—the first of its kind in the state—was so great, he says, that more than half were sold from blueprints alone.

According to Applegate, cities can expand just so far. After that, they invariably bog down, deep in their own mire of public and private transportation. Fifty years ago, city planners, if they were any for most young towns, had no conception of the potentially strangling volume of traffic which would result as the community expanded outward in every direction.

"Most cities of any size have reached the point of horizontal saturation," Applegate says. "There simply isn't anywhere to go but straight up! And, if we go up, there's no point in doing it 45 or 60 minutes away from business and social centers of community life. We must build near downtown. . . . As communities grow and expand, it becomes more difficult to surmount the problem of finding space for new homes close to centers of business and social activity."

New Missing Link Is Uncovered

Washington, D. C.—Finding of a "missing link" in the evolution of modern mammals—a creature that had branched off from the great family of odd-toed ungulates, which includes the horse and rhino, toward the present tapir—is reported by C. Lewis Gazin, Smithsonian Institution curator of vertebrate paleontology.

This ancient animal, of which a fossil jaw and parts of a skull were found in the Wind River basin of Wyoming, was Dilophodon, about the size of a fox, which lived during the upper Eocene period of geological time, about 45,000,000 years ago. The Wind River area long has been a favorite hunting ground for mammals of the Eocene, the period when the warm-blooded creatures began to take on some of their present forms.

Also encountered were the fossil remains of a somewhat larger tapir, Desmatotherium, rather resembling the smaller tapir, Dilophodon, but cannot be considered directly ancestral to any living form although representative of the general complex from which arose rhinos, horses, tapirs, and certain groups of extinct hoofed mammals.

Men at 21 Top Auto Fatality Lists

NEW YORK—Men at age 21 record the highest mortality from motor vehicle accidents, according to experience of one insurance company among its millions of industrial policyholders. At this age, the toll among men is nearly eight times that among women.

The motor vehicle accident death rate among the insured male during the years 1953-55 rose sharply from an average of less than 10 per 10,000 at ages 1-24 to a peak of 64.1 per 100,000 at age 21. The rate for females at age 21 was 8.4 per 100,000.

Among females, there was a comparatively gradual rise in the death rate from this cause during the teen ages, with a rate of 13.4 per 100,000 at age 18, but the peak rate, 16.0 per 100,000, occurred at ages 65-74 years.

The higher motor vehicle death rate among males in the late teens and early twenties may reflect, in large measure, frequent disregard of safe driving practices the statisticians suggest.

Picture for Candles Brighter Than Ever

WASHINGTON—The simple candle, man's main source of light for 20 centuries, brightens many a special corner in the dazzling age of electricity.

Although gas lamps and incandescent bulbs ended dependence on wax and tallow dips, tens of millions of candles are set aflame each year—in the dusky still of churches; over the silver, crystal and gleaming damask of festive tables; on countless birthday cakes.

6 WAYS IN SIZE*

You'd actually have to reach up to the most expensive car class to get more seating capacity than The Big M gives you. Yet Mercury is priced just above the low-priced three.

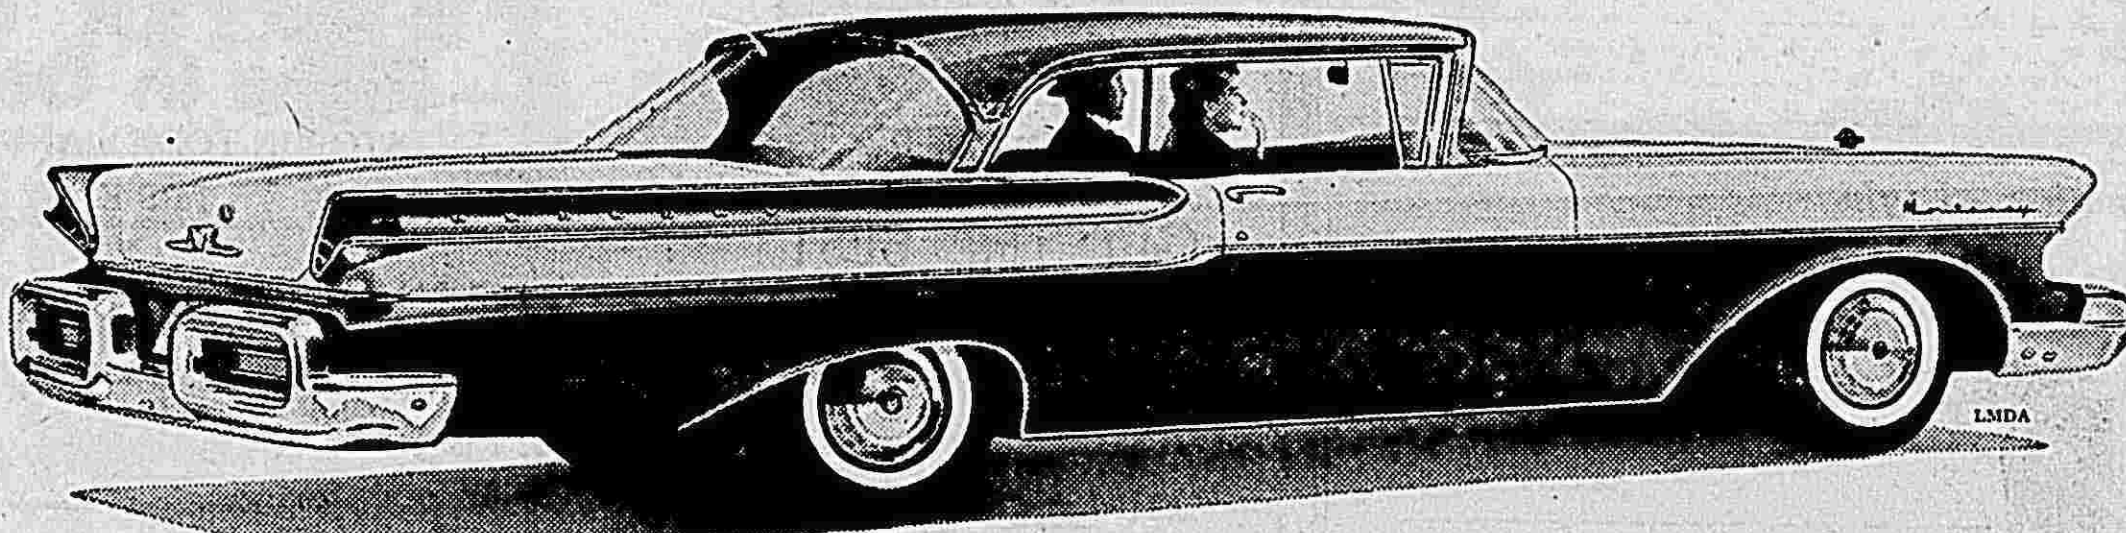

*Comparisons based on 1957 Mercury Montclair, Phaeton Sedan and comparative models in nearest price range.

4 WAYS IN POWER

These are the mightiest, most efficient engines in Mercury history! Ingenious Power-Booster Fan, available in Montclair series, coasts when not needed, saves horsepower other cars waste.

7 WAYS IN FEATURES

Wherever you look, you see Mercury's Dream-Car features. Inside, outside, under the hood. That's why auto critics say it has more new features than any car in the last ten years!

NEVER BEFORE HAS SO MUCH BIGNESS AND LUXURY COST SO LITTLE!

That's the wonderful thing about a Mercury. For all its bigness and power and advanced new features, it fits right into the most modest car budget. The step up from the lowest priced cars is a small one. The

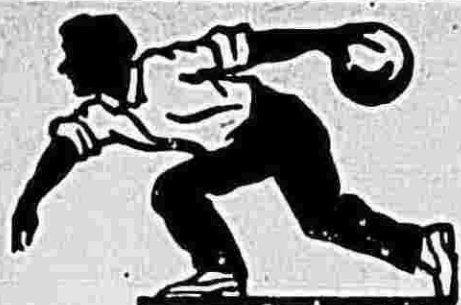

difference in what you get is enormous. Come in today and see for yourself what it's like to own a car that takes orders like a private and commands the road like a general!

Illinois National Guard Offers Opportunity to High School Seniors

If you are a high school senior (or junior) 17-18½ years old, the National Guard can offer you the opportunity to serve your country and still continue your schooling or get a job after graduation. Under a new law, effective April 1, a 17-18½ year old can enlist in the National Guard and serve on active duty for eleven weeks during the summer and return home and serve with the National Guard till age 28 in a nearby armory. In order to take advantage of this summer's active duty training program, he must enlist in the National Guard not later than May 7, 1957, in order that he may be processed to enter the first class on, or about, June 1.

In the event you cannot, or do not, wish to take advantage of this program immediately you may still enlist for the 11-week active duty training program prior to September 1, 1957 and enter the second and last class which will start on, or about, October 1, 1957.

If a young man 17-18½ would rather reduce his total reserve time, he may choose instead to go on active duty for six months and upon return to his National Guard unit serve actively with it for three additional years and then revert to the inactive reserves. To obtain further information, visit the Armory Building at 1000 Glen Flora Ave., Waukegan, or call Majestic 3-4205 any Monday night between 6:30 p. m. and 11 p. m.

You may contact Lt. Richard Stastny, Company Commander of Heavy Mortar Company, 129th Inf. Regt. any evening at Mundelein 6-6911 or talk to any National Guardsman who comes from Antioch, who will be glad to answer any questions.

Med Students Liable For Military Duty

CHICAGO—Military service hands like a sword over the lives of students enrolled in the country's 70 approved four-year medical schools.

A recent survey by the American Medical Association disclosed that 81.5 per cent of all male students enrolled in medical schools during the 1955-56 academic year were subject to military liability. The number cited as liable for service makes no allowance for physical disabilities and other factors that would render an unknown percentage ineligible for service.

THE WEEKLY NEWSPAPER IS THE LIFE OF ANY VILLAGE

Can you imagine what Antioch would be like without a newspaper?

No way of learning about important happenings; no place to publish your wants, your legal notices or advertising, your news about clubs, civic organizations, sports, and detailed information in general.

Weekly newspapers are the most important media of news dissemination for small communities. They are institutions without which communities lose their individuality.

Read the Antioch News—subscribe for it by the year and it will pay for itself many times over through information giving financial advantages let alone the entertainment of general news.

Who rates what for performance and smoother riding in the low-priced three? Chevrolet has laid the answer and the proof on the line!

First, Chevrolet won the Auto Decathlon over every car in its field, and over the higher priced cars that were tested, too. This rugged ten-way test (right, below) showed Chevrolet was the champ in handling ease, braking, acceleration, passing ability, smooth-

ness of ride and other driving qualities you want in a car.

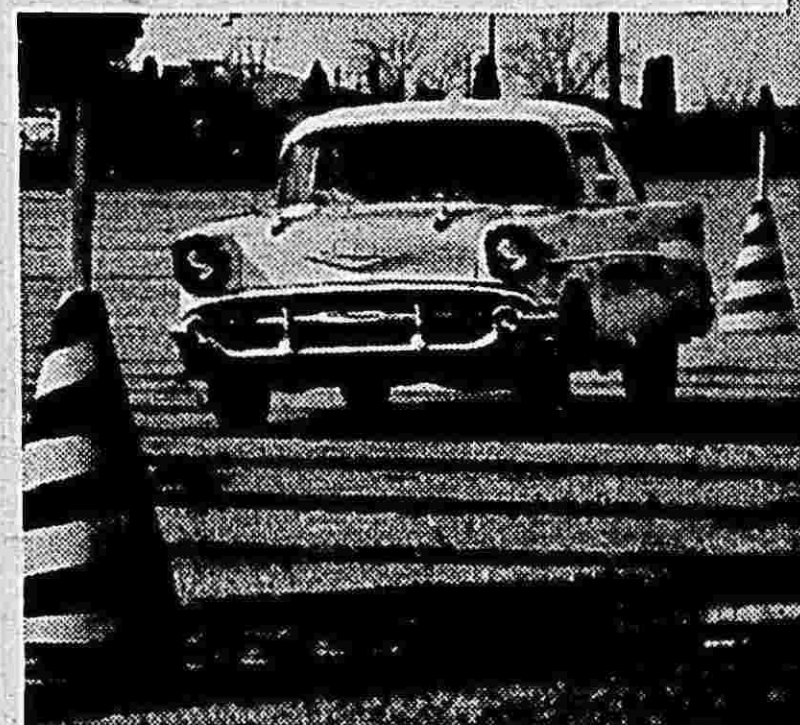

Then, Chevy won the Pure Oil Performance Trophy at Daytona (left, below) as "best performing U. S. automobile."

It's quite a feeling to know that you are driving a car that performs so well, responds so beautifully and is so finely built. You feel proud, of course. But you also enjoy a surer, smoother, steadier way of going, a keen

cat-quick response of power, and the easiest handling you've ever experienced behind a wheel. Just try this Chevrolet (V8 or Six) and see!

**Chevy showed it's still the champ...
at Daytona...and in the Decathlon!**

Pontiac Springs Another "First!"

-Lowest Priced Car with Tri-Power Carburetion!

Pontiac started 'em all talking by tagging this eye-popping Chieftain below 30 models of the low-price three. Now Pontiac has tossed another firecracker into the low-price field... with Tri-Power Carburetion available at extra cost on any model. Pontiac alone at so low a cost offers this sensational track-proved* carburetion system that has officially outperformed super-charged and fuel injection cars. Here's how it works: For normal driving, only one of three double-barrel carburetors is in operation. When you want a safety-surge of power, press your toe and prontos—the other two carburetors pour out a bonus of go as long as you need it. Ease up... and you're back to the gas-saving economy of one-carburetor operation! In short—your new Pontiac Chieftain can be tame or terrific—at the touch of a toe! Try it, and you'll see why they're biting their nails in the low-price field. Check the car... check the price... and all bets are that you'll graduate to Pontiac with plenty left over in your budget to celebrate the occasion!
